Rockville, Maryland, January 27, 2025 (GLOBE NEWSWIRE) – Capital Bancorp, Inc. (the "Company") (NASDAQ: CBNK), the holding company for Capital Bank, N.A. (the "Bank"), today reported net income of \$7.5 million, or \$0.45 per diluted share, for the fourth quarter 2024, compared to net income of \$8.7 million, or \$0.62 per diluted share, for the third quarter 2024, and \$9.0 million, or \$0.65 per diluted share, for the fourth quarter 2023. On October 1, 2024, the Company successfully completed its previously announced merger with IFH. Net income for the fourth quarter 2024 would have been \$15.5 million, or \$0.92 per diluted share if adjusted to exclude the impact of merger-related expenses, the initial IFH ACL provision, and a non-recurring equity and debt investment write down (non-GAAP)⁽¹⁾, compared to \$9.2 million, or \$0.66 per diluted share, for the third quarter 2024.

The Company also declared a cash dividend on its common stock of \$0.10 per share. The dividend is payable on February 26, 2025 to shareholders of record on February 10, 2025.

"We are pleased to have successfully closed our acquisition of Integrated Financial Holdings, and we are now focused on merger integration and executing on the opportunities from our complementary lines of business," said Ed Barry, CEO of the Company and the Bank. "We continue to benefit from our diversified business model which is driving growth across our platforms."

"The really strong performance of the commercial bank during the quarter was highlighted by record loan growth, solid deposit growth, and stable core net interest margin. I am particularly pleased by the growth of our commercial and industrial loans," said Steven J. Schwartz, Chairman of the Company. "This outstanding organic growth is expected to continue to be a major contributing factor in our overall earnings growth in 2025 and beyond. The acquisition of IFH, while creating a lot of noise in the financial results of the 4th quarter, provides us with a new line of business – loan servicing, processing, and packaging – and a significant expansion of our government-guaranteed lending platform."

⁽¹⁾ Reconciliations of the non-U.S. generally accepted accounting principles ("GAAP") measures are set forth in the Appendix at the end of this press release.

Acquisition of Integrated Financial Holdings, Inc.

On October 1, 2024, the Company successfully completed its previously announced merger with IFH. Pursuant to the terms of the Merger Agreement, each share of IFH's common stock, par value \$1.00 per share ("IFH Common Stock") was converted into the right to receive (a) 1.115 shares of common stock of the Company, par value \$0.01 per share ("Capital Common Stock"); and (b) \$5.36 in cash per share of IFH Common Stock held immediately prior to the Effective Time, in addition to cash in lieu of fractional shares. In addition, each stock option granted by IFH to purchase shares of IFH Common Stock, whether vested or unvested, outstanding immediately prior to the Effective Time, was assumed by the Company and converted into an equivalent option to purchase Capital Common Stock, with the same terms and conditions as applied to the IFH stock option.

Total assets, including purchase accounting adjustments, of \$559.4 million acquired in connection with the IFH acquisition included gross loans of \$373.5 million, loans held for sale of \$41.7 million and total deposits of \$459.0 million at October 1, 2024.

During 2024, the Company incurred pre-tax merger-related expenses of \$3.9 million, including expenses totaling \$2.6 million for the fourth quarter 2024, generally consistent with modeled expectations.

The fourth quarter earnings were also impacted by pre-tax provision credit losses on acquired loans of \$4.2 million ("Initial IFH ACL Provision") along with a non-recurring \$2.6 million write-down of a legacy IFH equity and debt investment in a start-up. The net remaining value of the equity and debt investment is \$0.2 million at December 31, 2024.

The following table provides a reconciliation of the Company's net income under GAAP to non-GAAP results excluding merger-related expenses, Initial IFH ACL Provision, and the non-recurring equity and debt write-down.

The Company's reportable segments represent business units with discrete financial information whose results are regularly reviewed by management. The five segments include Commercial Banking, Capital Bank Home Loans (the Company's mortgage loan division), OpenSky™ (the Company's credit card division), Windsor Advantage and the Corporate Office.

Effective January 1, 2024, the Company allocated certain expenses previously recorded directly to the Commercial Bank segment to the other segments. These expenses are for shared services also consumed by OpenSky™, CBHL, and Corporate. The Company performs an allocation process based on several metrics the Company believes more accurately ascribe shared service overhead to each segment. The Company believes this reflects the cost of support for each segment that should be considered in assessing segment performance. Historical information has been recast to reflect financial information consistently with the 2024 presentation.

The following schedule presents financial information for the periods indicated. Total assets are presented as of December 31, 2024, September 30, 2024, and December 31, 2023.
